

The "K" Bluebird Nest Box

By Terry Glanzman

Materials List

1. Back: 9" x 5-1/2" x 3/4"
2. Front: 7" x 5-1/2" x 3/4"
3. Top: 8" x 8-1/2"
4. Sides(2): 7" x 4" x 6-7/8"
5. Bottom: 4" x 4"

The "K" box features that make it less attractive to House Sparrows are:

- shallow box, discourages domed nest
- oblong opening set flat against roof
- no ventilation slot/holes
- the roof has a backward tilt

Some members have found this design to be 75% effective where House Sparrows are a problem. As always, monitoring is a must for best control of sparrows.
